CUSTOM INSTALLATIONS

Don't Just Decorate...Define Your Space.

Only **Gallery Keoki** presents adventurous fine art photography by Keoki Flagg, elemental and timeless imagery realized in leading edge technology to explore monumental scale, multi-panel and multi-plane installations.

Case Study

Before...

Nothing extra, nothing ordinary...
Extraordinary.

Gallery Keoki continuously redefines possibility, collaborating to create singular statements embodying our clients' aspirations and inspiration in balanced, harmonious environments, timelessly integrating art into architecture to emotionally resonate, all virtually previsualized to ensure no-risk precision.

Business

Refined

Gallery Keoki's revolutionary digital presentations uniquely eliminate guesswork and trial and error to precisely coordinate and assimilate artwork to exemplify, reinforce and distinguish your vision and your brand.

We first photograph your locations to create virtual depictions of your spaces to showcase unifying themes and motifs that truly speak to and for you; then together we explore scale and balance with iconic imagery in diverse palettes.

Once general and specific treatments are defined and together we have created your image menu, we digitally hang a variety of options in your recreated rooms to illustrate exact size and placement, removing risk, variables and second-guessing.

When all creative concerns and issues have been addressed, refined and perfected, we precisely replicate your personalized pieces and install them absolutely identically,

bringing your vision to life and life to your vision.

Personalized

Custom

Gallery Keoki highly individualizes our process for every client and location through one-on-one consultations to identify and develop custom design treatments to integrate the singular characteristics of each of your spaces and your purpose, priorities and way of life.

Residence

Engaged

Client involvement and feedback is integral; throughout the entire process we engage you in a critical dialogue to pinpoint works of art to best complement, characterize and epitomize your specific sensibility and taste.

Home

Yours

Your environment should reflect and communicate clearly and unmistakably who you are, your values, and your unique world view.

Gallery Keoki specializes in finding original perspectives to visually define your spaces to embody your identity and to inspire and resonate.

Hospitality

Transcendent

Each one-of-a-kind installation transcends predictability to imprint a deep, meaningful impression to emotionally enrich all of your guests' experiences in your environment, making your place yours, and theirs, not only the first time, every time...

Always...

Professional

Visionary

Gallery Keoki utilizes proprietary virtual technology to realize dreams and surpass expectation, breaking the mold of how art is commonly offered, integrating art, architecture and interior design seamlessly and symbiotically...

Dreams made real...
Concrete, site specific, unprecedented, and lasting.

Keoki Flagg

Keoki Flagg is a world-renowned, award-winning adventurous fine art photographer based in Tahoe. His unique, original limited-edition photographs cover a wide range of subjects spanning the globe and are admired and coveted by fine art collectors and connoisseurs worldwide.

Keoki also creates commissioned artworks for a vast international clientele of Fortune 500 Corporations, architects, interior designers and decorators, filmmakers and television directors, and his stunning imagery regularly graces the covers and feature stories of premier magazines, as well as public spaces and private homes.

*At my best,
I strive to capture and to convey
evanescence for eternity
in a way that is unique and ephemeral,
yet universal and,
somehow,
timeless, tangible and real.*

*I search for original perspectives
and steadfastly strive
to cross the boundary of predictability
in the hope of encapsulating timeless epiphanies.*

Keoki Flagg

*In this new, cluttered paradigm
of incredible transition and transformation,
the simple power of the unmistakably original,
timeless statement stands true.
Always self-defining,
an innate, organic, unique voice
sings amidst the din,
and original perspective
stands out boldly
against the rising tide
of digital mass proliferation.*

*But technology can deter isolation
and promote immediacy;
modern cameras free me to interact
and translate emotion more intuitively;
and new technologies in the realization of the image,
in creating artwork
in unprecedented forms, planes and scale,
in the art of incorporating art
into almost any space
are liberating, personal and intimate.*

*Now more than ever,
your environment can and should
embody unmistakably who you are
and defy predictability
to deeply, emotionally, constantly enhance
how your space feels.*

Keoki Flagg's life, and the spirit of Mountain, traveling the world and living in Tahoe inspire and inform his art, his writing and **Gallery Keoki**. Keoki's original, personal, focused perspective bonds and brands all we do.

Similarly, **Gallery Keoki** will enhance your environment, your home, your business and your vision, with the same clarity and singularity, aspiration and inspiration.

Works of art from Keoki's vast and varied portfolio, commissioned, bespoke artwork and custom installations, personalized, site specific, full-service and in-house, all provide home and business owners the opportunity to team with **Gallery Keoki**

to refine and define your space, enrich your life, build your brand, and again and again, bring your vision to life and life to your vision.

Don't Just Decorate... Define Your Space.
