Thank you for viewing my wayfinding portfolio

This is only a small portion of work I have created over the last 33 + years. I like to be creative and challenge myself.

Thanks, Pete

IF THE EMERGENCY ALARM SOUNDS GO TO YOUR MUSTER STATION

The Emergency Alarm consists of one long blast of the ship's whistle and ringing of the general alarm bells for more than 10 seconds.

On hearing this signal you should put on warm clothing and proceed directly to your Muster Station. Remember to take with you any medication that you are currently taking.

In an emergency go to nearest Muster Station on Boat Deck 7 or follow instructions of the Captain or authorized crew member.

-  MUSTER STATION

LOW LOCATION LIGHTING
In the event of an emergency a low level guidance system will be operated automatically. This consists of a illuminated strip near the floor in corridors. Follow the illuminated strip and it will lead to an exit. If there is smoke in the corridor and in stairways keep close to the floor and crawl if necessary to avoid breathing the smoke and to be able to see more clearly.

HOW TO WEAR LIFE JACKETS
Life jackets are available for each person and stored in boxes on Boat Deck 7. Adult and child (less than 70lbs) life jacket will be provided by a crew member. Put on your life jacket as illustrated and instructed by a crew member at your Muster Station.

Please read and take careful note of the contents of this safety notice.
